## Certificate MSC-F-31373

## Fishery Certificate Statement

For:

**Norway North Sea demersal**

**Up to date as of: 14 June 2024**

### **Parties currently eligible to access this certificate**

The parties (i.e. vessels, fleets and/or any other client group members, including named companies) that are currently eligible to access this fishery certificate are all licensed Norwegian vessels catching North Sea saithe, hake, haddock in the waters specified above. Please refer to the PCR for the specific UoCs (1-25).

### **Other eligible fishers (or other entities that may share the certificate as new client group members)**

There are no other eligible fishers.

### **Points of landing or other transfer and other limits to product eligibility**

Landing sites are mainly in Norway, with inspections by The Directorate of Fisheries and appropriate sales organizations as specified in the Public Certification Report. For products landed outside Norway, landing information is transmitted to Norwegian Authorities who cooperate with national control bodies at points of landing to ensure correct information.
